ZTMedia

FREE ISLAMIC MEDIA RESOURCES PROJECT

In the name of Allah, the Beneficent, the Merciful

The tragic month of Muharram is upon us again, it is a time when our hearts are rejuvenated and beat Labayk Ya Hussain (a.s).

ZT Media have arranged various graphics in an open layer format to help visual worshipers spread the message of Imam Hussain (a.s).

This package is part of the [Free Islamic Media Resources Project](#) which is aiming to provide all mosques, centres and individuals with media resources.

This is our first package which includes graphic themes which can be used or redesigned by everyone who wishes to promote the message of Aba Abdillah (a.s).

We call every artist and designer who has the love of Imam Hussain (a.s) to join us in spreading the message, and if you would like to submit your designs for people to share and edit please contact us on info@ztmedia.org
